**PURPOSE OF THIS NOTICE**

This Notice of Privacy Practices describes how the South Central Public Health District (District) handles confidential information, following state and federal requirements. All programs in the District may share your confidential information with each other as needed to provide you benefits or services, and for normal business purposes. The District may also share your confidential information with others outside of the Department as needed to provide you benefits or services.

We are dedicated to protecting your confidential information. We create records of the benefits or services you receive from the District. We need these records to give you quality care and services. We also need these records to follow various local, state and federal laws.  
We are required to:

- Use and disclose confidential information as required by law;
- Maintain the privacy of your information;
- Give you this Notice of our legal duties and privacy practices for your information; and
- Follow the terms of the Notice that is currently in effect.

**This Notice of Privacy Practices does not affect your eligibility for benefits or services.**

**YOUR RIGHTS ABOUT YOUR CONFIDENTIAL INFORMATION**

**1. Right to Review and Copy**

You have the right to ask to review and copy your information as allowed by law.

If you would like to ask to review and copy your information, a "Records Request" form is available at District offices or its website. You must complete this form and return it to the District. The District will respond to your request according to the Idaho Public Records Act and the federal HIPAA Laws.

If you ask to receive a copy of the information, we may charge a fee.

You will be told if there is information we are legally prevented from disclosing to you.

## **2. Right to Amend**

You have the right to ask us to make changes to your information if you feel that the information we have about you is wrong or not complete.

If you would like to ask the District to change your information, a "Request to Amend Records" form is available at District offices or its website. You must complete this form and return it to the District. The District will respond to your request within 10 days.

We may deny your request if you ask us to change information that:

- Was not created by the District;
- Is not part of the information kept by or for the District;
- Is not part of the information which you would be allowed to review and copy; or
- We determine is correct and complete.

## **3. Right to Restrict Health Information Disclosures**

You have the right to ask us not to share your health information for your treatment or services, or normal business purposes. You must tell us what information you do not want us to share and who we should not share it with.

If you would like to ask the District to not share your information, a "Request to Restrict Health Information Disclosures" form is available at District offices or its website. You must complete this form and return it to the District. The District will respond to your request in writing.

If we agree to your request, we will comply unless the information is needed to give you emergency treatment, or until you end the restriction. In situations where you or someone on your behalf pays for an item or service, and you request that information concerning said item or service not be disclosed to a health insurer, we will agree to the requested restriction.

## **4. Right to an Alternate Means of Delivery**

You have the right to ask that we communicate with you by alternative means or at alternative locations. For example, you can ask that we send your information from one program to a different mailing address from other programs that you receive services or benefits from.

If you would like to ask for an alternate means of delivery for your information, a "Request for Alternate Means of Delivery" form is available at District offices or its website. You must complete this form and return it to the District. The District will respond to your request if it is denied for some reason.

We will not ask you the reason for your request. Reasonable requests will be approved.

## **5. Right to a Report of Health Information Disclosures**

You have the right to ask for a report of the disclosures of your health information. This report of disclosures will not include when we have shared your health information for treatment, payment for your treatment or normal business purposes, or the times you authorized us to share your information.

If you would like to ask for a report of your health information disclosures, a "Request to Receive a Report of Health Information Disclosures" form is available at District offices or its website. You must complete this form and return it to the District. The District will respond to your request according to the Idaho Public Records Act and the federal HIPAA Laws.

The first report you ask for and receive within a calendar year will be free of charge. For additional reports within the same calendar year, we may charge you for the costs of providing the report. We will tell you the cost and you may choose to remove or change your request at that time before any costs are charged to you.

## **HOW THE DEPARTMENT MAY USE AND SHARE YOUR INFORMATION**

### **Times when your permission is not needed**

- **For Treatment.** We may use and share your information to give you benefits, treatment or services. We may share your information with a nurse, medical professional or other personnel who are giving you treatment or services. The programs in the District may also share your information in order to bring together the services that you may need. We also may share your information with people outside of the District who are involved in your care or payment of care, such as family members, informal or legal representatives, or others that give you services as part of your care.
- **For Payment.** We may use and share your information so that the treatment and services you receive through the District can be paid. For example, we may need to give your medical insurance company information about the treatment or services that you received so that your medical insurance can pay for the treatment or services.
- **For Business Operations.** We may use and share your information for business operational purposes. This is necessary for the daily operation of the District and to make sure that all of our clients receive quality care. For example, we may use your information to review our provision of treatment and services and to evaluate the performance of our staff in providing services for you.

### **Times when your permission is needed**

- **For reasons other than Treatment, Payment or Business Operations.** There may be times when the District may need to use and share your information for reasons other than for treatment, payment and business operations as explained above. For example, if the District is asked for information from your employer or school that is not part of treatment, payment or business operations, the District will ask you for a written authorization permitting us to share that information. If you give us permission to use or share your information, you may stop that permission at any time, if it is in writing. If you stop your permission, we will no longer use or share that information. You must understand that we are unable to take back any information already shared with your permission.
- **Individuals that are part of your care or payment for your care.** We may give your information to a family member, legal representative, or someone you designate who is part of your care. We may also give your information to someone who helps pay for your care. If you are unable to say yes or no to such a release, we may share such information as needed if we determine that it is in your best interest based on our professional opinion. Also, we may share your information in a disaster so that your family or legal representative can be told about your condition, status and location.
