# POOL OPERATOR

# EDUCATION COURSE

To: Swimming Pool Managers and Operators

From: Josh Jensen, MA, CPO, REHS/RS

Re: Pool Operator Education Course

Idaho's swimming pool regulations require that all public swimming pool operators successfully complete a pool competency course and be certified in CPR/First-Aid.

To serve the public swimming pools of South Central Idaho and to assist you in meeting the pool competency requirements, South Central Public Health District (SCPHD) will be offering a Pool Operator Education Course:

**Wednesday – May 14, 2014**  
**9:00 a.m. – 3:00 p.m.**

**South Central Public Health District**  
**Katz Conference Room**  
**1020 Washington St. N**  
**Twin Falls, ID 83301-3156**

Cost for this class is \$25 per person, which includes training materials. To sign up for the class contact EJ Poston at 737-5916 or [eposton@phd5.idaho.gov](mailto:eposton@phd5.idaho.gov).

The course will run from 9:00 a.m. – 3:00 p.m. with a one-hour break for lunch (duration subject to change). Topics will include basic pool operations, pool safety, Federal and Idaho pool regulations, and recreational water illnesses. Upon successful completion of the course, including passing the course exam (70%), you will receive a certificate of competency provided by SCPHD.

All swimming pool operators or managers are invited to attend the course, including those that oversee public swimming pools and non-regulated swimming pools. You will need to bring a calculator (if you have one) as well as length, width, and depth measurements for the pool(s) you oversee.

If you have any questions, contact Josh Jensen at 737-5915 or [jjensen@phd5.idaho.gov](mailto:jjensen@phd5.idaho.gov).
