

Social Media Guidelines

To help further our vision and mission, South Central Public Health District (SCPHD) utilizes social media to share information about various topics including but not limited to public health, public health incidents /threats, and public health education. Please remember that information posted on any of SCPHD's social media platforms should not be considered medical advice and should not replace a consultation with a health care professional.

You should not anticipate that your online postings will remain private. Please use caution when posting medical information on any of SCPHD's social media sites and never disclose personal identifiable information such as your location, medical record number, financial information, or other private information.

We understand that social media is a 24/7 medium; however, our moderation capabilities are not. We may not see every inappropriate comment right away, and we are trusting in the maturity of our community to ignore personal attacks and negative speech or respond politely.

SCPHD's social media & websites may not be used for:

- Personal attacks
- Defamation
- Harassment
- Spam
- Offensive content
- Aggressive behavior
- Illegal activities
- Commercial purposes
- Organized political activity
