

**SUBSURFACE SEWAGE DISPOSAL  
PLOT PLAN EXAMPLE**

(This shows the dimensional requirements for a standard drainfield)

**Your plot plan needs to include the following:**

- Property lines
- Buildings
- Driveway and parking area
- Well locations, water lines (including neighboring wells and any Public water system service lines)
- Proposed location of septic tank and drainfield lines
- Drainfield replacement area (100% size of original)
- Rivers, streams, ponds, lakes, irrigation canals/ditches
- Easements and right-of-ways
- Streets, roads, banks
- Swimming pools (20 foot set back from edge of pool to drainfield)
